

Aspen. The clean, green way.

Organics Recycling

ACCEPTABLE* FOR ORGANICS RECYCLING

All FOOD scraps

- Pizza boxes
- Egg cartons

Non-recyclable PAPER products:

- Napkins, paper towels, tissues
- Uncoated paper plates, cups, food containers, utensils
- Uncoated straws

All BPI Certified compostable products certified by:

- Biodegradable Products Institute (bpiworld.org) and
- Cedar Grove Certified Products (cedar-grove.com)

Other compostable products including:

- Coffee grounds and filters
- Tea bags
- Plants and flowers
- Wooden items such as chopsticks, popsicle sticks and toothpicks

NOT ACCEPTABLE FOR ORGANICS RECYCLING

- PLASTICS of any kind including: styrofoam, plastic bottles, condiment packets, plastic packaging, chip bags, candy wrappers, compostable plastics that do not meet BPI Certification standards.
- Coffee cups not certified compostable
- Fast food wraps, plastic coated paper, freezer boxes
- Milk cartons, and other beverage cartons
- Paper coated with foil
- Cardboard boxes coated in wax
- Wood pallets
- METAL items including foil, metals, cans
- Clothing
- Glass
- Diapers, sanitary products, pet waste
- Cleaning wipes
- Liquids or oil
- Gum
- Recyclable items: cartons, glass, plastic, paper, metal

* Only certified compostable bags may be used. If the driver identifies non-compostable plastic bags or other contamination in an organics load, service will be delayed until the container can be dumped as regular trash, and applicable fees for extra trash and/or extra trip charges will apply.
